

# **E1605-95a Standard Terminology Relating to Abatement of Hazards from Lead-Based Paint in Buildings and Related Structures**

Copyright 2000 AMERICAN SOCIETY FOR TESTING AND MATERIALS, West Conshohocken, PA. All rights reserved.

## **1. Scope**

1.1 This terminology covers terms and definitions pertaining to the field of abatement of hazards from lead in and around buildings and related structures.

1.2 This terminology is supplementary to Terminology E631 in which all entries in this terminology appear also.

1.3 Certain definitions herein are adopted from other sources. Each is an exact copy. The source is identified at the right margin following the definition, and is identified in Section 2.

1.3 Terms appearing in boldface in Section 4 are defined in this terminology.

**Adopted by:**

**Developed by ASTM Subcommittee:** [E06.23](#)

## **Ordering Information**

Price: \$ 30.00 Printed Pages: 6

The information above is only a summary of the ASTM standard. Order the complete standard in three ways:

Immediate Download.\* Cost: Price as noted above. **CREDIT CARDS ONLY.**
